REMOTE WORKER REVOLUTION

TELECOMMUTING:

40% they had job-related tasks that they thought they could perform from home

80% would like to work from home at least part-time

If those with compatible jobs and a desire to work from home did so just half the time annually:

$700 BILLION national savings a year

$11,000 savings per person per year for a typical business

$2,000-$7,000 savings the telecommuters would make a year

OVER 37% of US Persian Gulf imports in oil savings

GREENHOUSE GAS REDUCTION would be the equivalent of taking the entire New York State workforce permanently off the road

TELECOMMUTING STATISTIC:

2012

23% did some or all of their work at home

85% did some or all of their work at their workplace

98% are working happier from home

96% would suggest working from home

88% would never return to the corporate world

$20,000 per employee company savings per full-time teleworker

212 MILLION PEOPLE predicted number of road warriors / mobile workers by 2015

50% of the U.S workforce holds a job that is compatible to at least part-time teleworking

34% said they would telecommute on a full-time basis if they could

BEST COMPANIES TO WORK FOR - TELEWORKING AS A BENEFIT
