

LifeSize® Unity 500™

Designed for executive offices and small meeting rooms, LifeSize Unity 500 combines best-in-class video, audio and presentation capabilities in a brilliantly optimized, integrated solution.

Telepresence within reach.

Its clever, all-in-one design ensures simple setup and ease of use, accelerating global, consistent deployment of the highest quality HD video collaboration solutions.

Optimized for Video, Audio and Presentation

LifeSize Unity 500 is built with best-in-class HD video, audio and presentation components in an all-in-one video collaboration solution.

Rapid Deployment by Anyone LifeSize Unity 500 can be completely set up in fewer than 10 minutes.

Easy to Use LifeSize Unity 500 is an automated turnkey solution for video communication and presentation. It's always ready—just start working.

Simple to Order, Providing Global Consistency

LifeSize Unity 500 is a completely integrated solution for optimum performance, all available to globally order in one SKU.

Investment Protection LifeSize Unity 500 is a fully integrated HD video, audio and presentation solution with minimal IT or facilities installation and maintenance required. It provides high investment protection because the solution can be easily redeployed to fit a new location.

Businesses strive to increase collaboration and maximize productivity through real-time communication. LifeSize Unity 500 provides an integrated and optimized HD video collaboration solution created with state-of-the-art components that accelerate global deployment.

LifeSize Unity 500 Key Features

No Tools Required

Complete set up in fewer than 10 minutes

Video Quality

Full HD quality 1920x1080—30 fps; 1280x720—60 fps 16:9 format

HD Display

1080p 40" HD high-contrast, edge-lit LED

HD Camera

1080p30 HD and 10X zoom capability

HD Audio

Active, high quality loudspeaker optimized for natural and transparent voice reproduction

Phone

Touch-screen powering both HD video and audio

Data Sharing

Optimized for local and far-end presentation

Assembly Time

Fewer than 10 minutes

Ideal Environment

Executive offices and small meeting rooms

Product Specifications

System Components

All-in-one optimized solution:

- Codec
- Camera
- Phone
- HD Display
- Core Processor
- Active Loudspeaker
- Stand with Base
- Cables

High Definition Display

Professional, high-contrast, edge-lit LED with a wider color spectrum, providing more accurate color rendering, high-contrast images and, with the broadcast quality HD video scaler, the sharpest images and graphics.

- Diagonal Screen Size: 1 x 40"
- Display Type: Edge-lit LED
- Maximum Resolution: 1920x1080p
- Contrast Ratio: 4000:1
- Display Refresh Rate: 60 Hz
- Interfaces:
 - Power 24V DC
 - Control
 - VGA In
 - HDMI In
 - DVI-D In

Speaker

Compact, high quality, bi-amplified loudspeaker with dynamic frequency response optimization and limiting, providing ultra smooth audio reproduction.

- Minimum Diffraction Enclosure (MDE)
- Directivity Control Waveguide (DCW)

Core Processor

All electronic functionality is managed through the core processor. This provides power for all elements in both 120V and 240V regions. Control management automates active input, sleep mode and power on/off, allowing users to simply walk in, plug in, press the remote and start their meeting.

- Sync Pulse Detection
- Integrated Control
- Interfaces:
 - Power—speaker 110V or 220V
 - Control—display one
 - VGA Out—display one
 - Power 24V DC—display one
 - Power 19V DC—camera
 - VGA In—codec
 - Power 19V DC—codec
 - USB—codec
 - Ethernet—codec
 - VGA In—laptop

Configurations

LifeSize Unity 500 is configured with the following LifeSize products:

- LifeSize Express 220—10x—Phone

Dimensions

Height: 153 cm (60")
Width: 100 cm (39")
Depth: 67 cm (26")
Packed Weight: 50 kg (110 lbs)

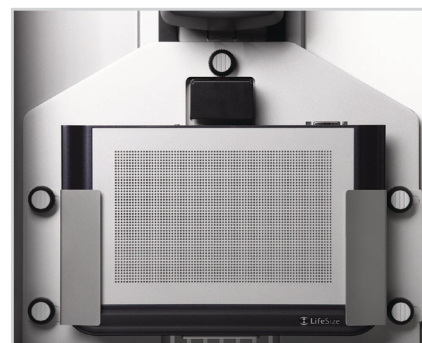

Environmental Data

Operating Temperature: 0°C (32°F) to 40°C (104°F)
Operating Humidity: 15% to 85%, noncondensing
Storage Temperature: -20°C (-4°F) to 60°C (140°F)
Storage Humidity: 10% to 90%, noncondensing
